Nature and Extent of involvement of faculty and students in academic affairs / improvements

Staff and students are encouraged to a maximum possible extent to participate in the academic affairs and improvements of the institution. Staff meetings are conducted at a regular interval and their opinions are solicited for the smooth conduct of the affairs of the polytechnic. A Students' Association has been formed with representations from I, II- and III-year students (both boys and girls) to organize events related to students. Class wise student representatives are selected to monitor the class and coordinate the department level events. Various forums such as Institutions of Engineers (India), Indian Society for Technical Education (ISTE) both Staff and Students chapters, National Service Scheme (NSS), National Cadet Corps (NCC), Red Ribbon Club (RRC) etc are functioning in our institution effectively. These forums play a vital role in the overall development of the institution.

Mechanism / Norms and procedure for democratic / good governance:

The following meetings are convened on a regular basis for democratic / good governance:

1. Staff meetings
2. Student Association Meetings
3. HoDs meetings
4. Governing Council Meetings
5. Academic Board Meetings
6. Awards Committee Meetings
7. Alumni Association Meetings

Student Feedback on Institutional Governance/Faculty Performance

- Feedback about Faculty is received from the students every Term. The various parameters on which teaching is assessed are: Communication Skills, Quality of Teaching/ Academic input, Course Input, Content and Method of Delivery, Resourcefulness, Readiness of teacher, Accessibility concerned and Availability of Teacher in Campus/ Department. Feedback is conveyed to the concerned faculty through the Head of the Department.
- An Institute level Parent Teacher meeting is conducted once in every Year. During the meeting, parents are made aware about their wards' attendance, academic performance for the term as well as about the various learning processes conducted in the institute. Suggestions given by parents were taken into consideration for further actions. Also, this helped in identifying the parents who would help in providing support to the institute in terms of Projects, internship and placement etc.
- Various companies visit the campus of the institute for the placement of the students. Based on this feedback, Guest lectures, workshops, seminars are organized for students to help them to be ready for industry.

- Grievance Redressal Mechanism
In our institute campus Suggestion/Complaint Boxes are placed in various places. They will be opened every week and the grievances made by stakeholders if any will be addressed by The Principal / Grievance cell.

Anti-Ragging Committee - List of Members of Anti-Ragging Committee

Anti-Ragging Committee (ARC) of VSVN Polytechnic College is framed with the following members. The committee has to resolve the issues related to ragging. Awareness about anti ragging holdings displayed in various key points in the campus.

List of Members of Anti-Ragging Committee:

S.No.	Name	Designation
1	Thiru. J. Raghuraman	Advocate
2	Member	Head Constable (Spl. Branch), East Police Station, Virudhunagar.
3	Thiru. G. Paramasivam	The Reporter, Vanakkam lndia, Virudhunagar.
4	Er. K. Suresh Kumar	New Era Builders, OSA Secretary, VSVN Polytechnic College. Virudhunagar.
5	Thiru.R.Saravanakumar	Vice-Principal & HOD (i/c) / Plastic
6	Tmt.C.Priya	Lecturer/Civil
7	Thiru. J. Amuthan	Office Superintendent
8	Thiru.V.G. Ganesan	Parent
9	Selvan.G.Yogesh	Student – I year / MECH
10	Selvan.P.Sivanun	Student – II year / EEE
11	Selvan.P.Sanjay Kumar	Student – III year / CIVIL

Online Grievance Redressal Mechanism:

Online Grievance redressal mechanism is intended to facilitate people to address their grievances online through our college website which is linked to www.shebox.nic.in

OMBUDSMAN:

As per Principal Secretary to Government Letter No.238 dt.21.12.2020, Ombudsperson for Redressal of Grievance of Students of Diploma Institutes which are offering Diploma level courses and are affiliated eto Board of Technical Education as per All India Council for Technical Education (Redressal of Grievance of Students) Regulations 2019: 74

OMBUDSPERSON
Dr. A. MALA
Formerly Principal ACCET,
KARIKUDI B4, Silver Spring Apartment,
Perumal Nagar 3rd street, Nanganallur,

HOSTEL FACILITIES:

V.S.V.N. Polytechnic College students Hostel is an integral part of the college campus and it is run by V.S.V.N. Polytechnic college Managing board. Separate Hostel facilities are available for both Boys (4 No's Hostels) and Girls (1No Hostel). The Mess is run on the basis of Dividing system controlled by the student's representative.

LIBRARY:

S.NO	PARTICULARS	AVAILABLE
1.	VOLUMES	41500
2.	Titles	19500
3.	Journals	45
4.	Library Management Software	1
5.	Reading Room Seating Capacity	150
6.	E-Library Facilities	YES
7.	Multimedia PC	10
8.	NDL Sucscription	Yes, Member

COMPUTING FACILITIES:

S.NO	FACILITIES	DETAILS
1.	Internet Bandwidth	470Mbps
2.	Number of Systems and Configuration	410 Systems (PROCESSOR- i7, i5, i3, due dual, Pentium, amd a4, RAM – 8Gb, 4Gb, 2Gb, Hard Disk- 1Tb, 512Gb, 320Gb)
3.	Total Number of Systems Connected by LAN	375 Systems
4.	Major Software Packages	1. MS- Office 2. Windows 7, 10 3. Solid Works 4. PTC creo
5.	Special Purpose Facilities Available (Conduct of online Meetings/Webinars/Workshops, etc.,)	YES
6.	Facilities for Conduct of Classes / Courses in online mode (Theory & Practical)	YES

INNOVATION CELL:

IIC formed in April, 2021

- To conduct various innovations and entrepreneurship related activities.

- Identify and reward innovations and share success stories.

- Organize periodic workshops /seminars/interactions with entrepreneur, investors, professionals and create a mentor pool for student innovators

- Create an Institution's Innovation Council portal to highlight innovative projects carried out by the institution's faculty and students.

- To organize various activities with eminent personality from industry, research institutes and higher education institutes.

SOCIAL MEDIA CELL:

VSVN Polytechnic College has established an official presence of Facebook page,Instagram and YouTube channel. These social media accounts are all maintained by the social media Cell of the institute.

Facebook is a social networking site that allows people from around the world to network with friends, companies and organizations. VSVN Polytechnic College maintains the "VSVN Polytechnic College" Facebook Page, Instagram and frequently posts content, including videos, photo albums, event listings, links to news stories and more.Link: http://www.vsvnpolytechnic.in/Home/default.aspx

Besides academic learning, there are thousands of ways, nowadays, to learn Engineering related articles, new technology, and other related topics. Specially, after the corona pandemic is out, an online study has become more popular. Understanding a concept becomes easier with visual aids like videos. VSVN Polytechnic College maintains the You tube Channel named "Basics of Engineering in Tamil". In which thousand videos are uploaded so far in all discipline of Engineering in Tamil.

Basic Science – 57 Videos, Modern Office practice – 109 Videos, Plastic Technology – 124 Videos, Garment Technology – 109 Videos, Computer Technology – 139 Videos, ECE – 113 Videos, EEE – 112 Videos, Mechanical – 126 Videos, Civil – 119 Videos are uploaded so far.
Link: http://www.vsvnpolytechnic.in/Home/default.aspx

GAMES & SPORTS FACILITIES:

Indoor Facilities:
1. Table Tennis
2. Chess
3. Carrom
4. Gymnasium Hall
5. Shuttle badminton

Outdoor Facilities:
1. Handball Court
2. Kho-Kho Court
3. Volleyball Court
4. Ball Badminton Court
5. Tennikoit Court
6. Football Field
7. Kabbadi Court
8. Tennis Court
9. Throwball Court
10. Cricket Pitch (Standard)
11. 400mt * 6 Lane Track

EXTRA-CURRICULAR ACTIVITIES:

The students participate in Intra and Inter Polytechnic college level extracurricular activities like cultural programs (Dancing, Drama, Fancy Dress, Mime, Drawing, Talk show, Rangoli, Cooking)

SOFT SKILL DEVELOPMENT

Soft skills for diploma engineering students are essential for their professional success because: diploma engineers deal with clients, they work with a team, and they deal with constant challenges. Moreover, Employers today are actively seeking prospective diploma engineers who come with a strong set of soft skills. The essential soft skills training like communication, leadership, positive Attitude, aptitude, adaptability, interpersonal skills, and creativity are provided to the diploma engineering students of our polytechnic college through Industry experts, our faculty members, Alumni and Mahindra pride Classroom.

15. TEACHING LEARNING PROCESS:

ACADEMIC ACTIVITIES 2024-2025 (ODD SEMESTER / TERM)

Week	Activity
Week 1 (June 10 to June 14)	III Term / II Year – Induction Program | 10.06.2024 & 11.06.2024. V Term / III Year – Training Program | (Mon & Tues)
Week 3 (June 24 to June 28)	Schedule to conduct Class Test – 1
Week 5 (July 08 to July 12)	Schedule to conduct Class Test – 2
Week 6 July 15 to 19)	Submission of Assignment 1
Week 7 (July 22 to July26)	Schedule to conduct Class Test – 3 and Industrial Visit
Week 8 (July 29 to August 02)	02/08/2024 (Fri) Parents Teachers Meet
Week 8 (August 04)	04/08/2024 (Sun) OBA Meeting
Week 11 (August 19 to August 23)	Schedule to conduct Class Test - 4 and Submission of Assignment – II
Week 13 (September 2 to September 6)	06/09/2024 (Fri) Intra Polytechnic College Symposium
Week 15 (September 16 to September 20)	Schedule to conduct class test – 5 and submission of Assignment III Model Practical Examination.

VISION 2025 & HIGHER TECHNOLOGY FOR III YEAR STUDENTS

29/06/2024, 13/7/2024, 10/08/2024 and 14/09/2024.

Teaching Load of Each Faculty:

*As per AICTE Norms.

R23" Scheme - Regulations

MPEC SYSTEM

Implemented from 2023-2024

Diploma in Computer Engineering

Autonomy and Multi Point Entry and Credit system (MPEC)

As per G.O. Ms. No.1136 Education (J2) Department dated 20.11.1992 our Institution has beengranted full Autonomous status from the academic year 1994–95.

The Students admitted for the I / III Semester Engineering & Technology at this Institution in MultiPoint Entry Credit System (MPEC) will study under Autonomous pattern.

Preamble

The challenges of the 21st century demand young diploma engineers to have a command of the ever-changing body of technical knowledge along with an array of personal, interpersonal, and system-building knowledge that will prepare them with skills & competencies to address the modern-day challenges by building a new generation of machines, methods and materials.

The rapid adoption of Advanced Technologies is changing the nature of work today. Technologies such as advanced robotics, knowledge work automation, the internet of things, cloud computing, autonomous & near-autonomous vehicles, next-generation genomics, energy storage, 3D printing, advanced materials, additive manufacturing and renewable energy are changing industries in an unprecedented manner. These technologies are making companies become leaner and more productive, and also pave the way for future technologies to be invented. This makes companies constantly look for talent that can fit into the dynamic technological environment. Higher technical institutions being the primary source for companies to source talent, are under pressure to design a dynamic system of technical education to meet the demands.

The objective of the new applied-to-learn track is to train a pool of graduates who are technically competent, professionally proficient and socially responsible in quality management, regulatory compliance and manufacturing processes in the respective sectors. This is followed by an iterative process of developing the learning outcomes, aligning the learning outcomes, designing the learning activities and applying the assessment methods of the modules offered on this track in an integrated manner to meet the industry"s needs.

The program is offered through the core, electives, certifications, capstone projects and other ways to enable a student"s transformation. Each domain is carefully crafted to cater to diversified needs, dynamic contexts, and differentiated expectations in a learner-centric environment. The crux of this program lies in the way experiential learning, divergent thinking, problem-solving creativity and so on are integrated into one.

1.   *Objective:*

To retain and further strengthen the quality of the human capital produced by our higher technicaleducation at the diploma level as the force behind the state"s social, cultural, and economic pre-eminence.

To seed & nurture agents of change & transformation for the digital future with enduring skills andcapabilities by cultivating technological capabilities through a skill-centred approach.

2.   *Admission:*

Candidates seeking admission to the first semester of the Diploma program:

Should have passed the SSLC Examinations prescribed by the Government of Tamil Nadu or any examination of any other board or authority recognized by the Board of Secondary Education

as equivalent thereto with eligibility for Higher Secondary Education in Tamil Nadu.

3.   *Lateral Entry Admission:*

The candidates who possess a pass is the HSC [Academic] or equivalent prescribed in the Higher Secondary Schools in Tamil Nadu affiliated to the Tamil Nadu Higher Secondary Board, with a pass in at least three of the following subjects: Physics / Chemistry / Mathematics / Computer Science / Electronics / Information Technology / Biology / Informatics Practices / Biotechnology / Technical Vocational Subjects / Agriculture / Engineering Graphics / Business Studies / Entrepreneurship are eligible to apply for Lateral entry admission to the third semester of Diploma programs, as per the rules fixed by the Government of Tamil Nadu. (or) The candidates who possess a pass in 2-year ITI with appropriate grade or equivalent examination.

There is no age limit prescribed for admissions to Diploma programs.

4. The medium of instruction is English for all courses, examinations, seminar presentations and project work reports, except for the programs offered in Tamil Medium.

Structure of the Program

The Redesigning and revamp of the Diploma program in the State of Tamil Nadu will focus on improving the employability and entrepreneurship outcomes of the campuses through skill-centric andindustry allied curriculum and syllabi. The following structure is being proposed for the new curriculum.

5. Pathways for progressive learning experience:

The program offers 4 different pathways for progressive learning. Entrepreneurs, Higher Education, Technocrats and Technologists have different pathways from which the students will pick one of these pathways that they find fascinating and work to ameliorate their knowledge base over the desired pathway.

There are courses offered for the specific pathways in their final semesters that will aid them to choose their career in their specific pathways. Pathway direction for the students can be assisted by faculty mentors from time to time.

- ### Entrepreneur:

    Students who aspire to transform opportunity into reality, and create social and economicvalue for themselves and for others.

- ### Higher Education:

    Students with aspirations of pursuing higher education to acquire higher-order skills andcompetencies in the domain of interest.

- ### Technocrats:

    Students who aspire to acquire mastery of technical tools and methods to manage peoplewho manage the processes

- ### Technologists:

    Students who aspire to gain leadership in a particular discipline / technology to evolve intoProblem Solvers & Innovators

6.. Various Dimensions for Transformation:

Today"s world is rapidly changing and increasingly interconnected, and the future talent pipeline to be sourced from the campuses needs to adapt to changes that will keep accelerating in the future. The new diploma program focuses on equipping learners with skills that will enable

them to cope with the foreseeable social and economic changes and manage often unpredictable realities. The various dimensions of transformation are designed to nurture skills towards holistic human development. Such skills are acquired not only on formal courses but in a variety of contexts throughout the academic curriculum.

Four broad dimensions of skills to ensure holistic human development:

(1)   Personal,
(2) Professional,
(3)   Interpersonal and
(4) Advanced Industrial Technologies skills and competencies.

7. Integrated Curriculum:

An integrated curriculum is based on learning experiences that lead to the acquisition of disciplinary knowledge and its application in a professional environment interwoven with the teaching of personal, interpersonal, and professional skills, and ways in which the integration of emerging technological skills and multidisciplinary connections are made.

8. Course Levels:

A course is a component (a paper/subject) of a program. All the courses need not carry the same weightage. The course should have defined Course Objectives and Course Outcomes. A course may be designed to involve lectures/tutorials/practical/project work/Internships/seminars or a combination of these, to effectively meet the teaching and learning needs and the credits may be assigned suitably.

The programs consist of various levels of courses, structured as (F) Foundation, (C) Concentration and the (S) Specialization courses for a greater understanding of the core concepts of the fundamentals in the initial year of learning and thereby moving towards the specialization areas by choice.

● **Foundation (F) | Year I:** Foundation courses build strong fundamental requirements across mathematics, statistics, science, engineering domain, advanced technologies, social sciences and humanities.

● **Concentration (Cn) | Year II**: Concentration courses shall deliver domain-specific knowledge and technological skills. They are offered as core and electives to provide the requisite mandatory working knowledge of the chosen domain.

● **Specialisation (S) | Year III**: Specialization courses are focused on a particular area of study leading to a specific pathway. Some of the courses can also be beyond the program, leading to skills and competencies in emerging technology domains.

9. Course Types:

Every diploma program shall have a curriculum with syllabi comprising Theory, Practicum and Practical courses with well-defined Program Outcomes (PO) as per the Outcome Based Education (OBE) model. The content of each course is designed based on the intended Course Outcomes (CO). Every programshall have a distinct curriculum with syllabi consisting of courses broadly categorized under:

● **Core (C)/Elective (E) -** Core / Elective courses are offered to students of a particular program to gain basic and specialized knowledge/skills in a selected field. Core courses are mandatory to complete the program and shall not be exempted or provided with credit equivalence. Elective Courses may be grouped into different domains/streams/specialisations to enable the students tohave at least 3 to 5 options. At least 20 students need to express their willingness, for the case of an elective course, to be offered.

● **Practicum (P)** - Integrated course taught in a hands-on learning environment. This may be offeredwherever theoretical concepts are to be learned simultaneously with relevant practical sessions. Suchcourses shall be offered only if sufficient laboratory facilities are available to conduct such courses, and both practical and theory components shall be considered for continuous assessment. Final evaluation based on the proportion of the credit awarded for the respective component.

● **Lab (L)** - Practical Courses taught in a designated lab. This may be offered when conceptual learning has to be augmented by practical experiments and also to bring focus on acquiring skills through doing. Such courses shall be offered only if sufficient laboratory facilities are available to conduct such courses.

● **Field Study (FS)** - Offered as a special / curriculum-enriching component to understand certain practical issues/work practices / hands-on training/immersion project/market survey. Field Study, ifit forms a part of the course, then credit(s) shall be assigned accordingly, otherwise, such course(s) may be specified in the Grade Sheet without grades.

● **Certification (Cer) -** Industry-driven course shall be offered, jointly with an industry that would result in learning the emerging trends / employment potential topics / solving real-time problems. The contents of the course shall be jointly designed by an industry expert and a suitable faculty member, with relevant assessment and evaluation. Hybrid/Online learning options shall be available. Students are permitted to complete these courses through MOOCs / Professional Certification and credit equivalence (Program Elective or Open Elective).

● **In-House Projects (J)** - Capstone Project shall be offered once a student completes >95% of the core courses related to the Diploma program. The Capstone Project is expected to involve concepts from fundamentals to recent developments and may be restricted to one domain or multi-domains / multi-disciplines. Capstone Project shall be offered only after completing all the fundamental courses and offered during the final semester. It shall also focus on Environment, Society, Sustainability, Entrepreneurship and Project Management. In the case of a multidisciplinary project,a suitable co-supervisor shall be opted for the students from the relevant Department for successful completion. Capstone Project may be offered in phases, i.e. Phase I and Phase II (single topic or two different topics). Students are encouraged to submit the softcopy of the complete report for evaluation and abstract in the printed form during the final presentation.

● **Fellowship (Fs) -** Up to 6 Months for professional and/or academic development offered by an external organisation identified and nominated by DoTE in India or abroad. Students shall be shortlisted for the same under sponsorship/scholarship by competent authorities and approved by the Head of the Institution.

● **Boot Camp (B) -** 2-to-5-day training camps for imparting knowledge and skills in emerging areas.It may be offered jointly by a team of faculty members / external experts with course content that includes interdisciplinary topics from different domains, thereby enhancing the Professional Knowledge & Skills of the students. However, such courses shall not have any significant repetition of other courses offered in that particular diploma program. If a student fails to complete such a course on the first attempt or lacks attendance requirements, they may opt for a different course inthe subsequent semester and meet the minimum credit requirements of the program or may re-do the same course whenever offered.

● **Hackathon (H) -** 3 to 6 days of problem-solving and building a solution for real-world problemsin an intensive/accelerated manner. It may be considered as one of the course types in situations where multiple solutions are expected to a problem or multiple problems are expected to be solved,in a particular industry/research laboratory. Such a course shall be essentially a Practicum and maybe offered in a workshop mode. Credit allocation, Assessment and Evaluation shall be based on the respective syllabi designed for the same.

● **Internship (I)** - Internship is offered as a credit course with the Industry/Research Laboratories/ other Universities in India or abroad. Credit allocation, Assessment and Evaluation shall be based onthe procedures given. Every student is encouraged to gain Credits through an Internship.

● **Audit Courses** are optionally registered by a student to understand certain basic/advanced concepts in his / her own discipline or other disciplines offered by the Polytechnic College. In this case, if a candidate fails in an Audit Course, it is not mandatory to repeat that course and these courses shall not be considered for eligibility for awarding the Diploma. Grades shall be awarded as "Completed".

10. Definition of Credit:

Credit is a kind of weightage given to the contact periods to teach the prescribed syllabus, which isin a modular form. The credit distribution for theory, laboratory and project courses are mentioned in the table below.

Theory (L) - 15 Periods	1 Credit
Tutorial (T) - 15 Periods	1 Credit
Practical (P) – 30 Periods	1 Credit
Internship (I) - 45 Periods	1 Credit
Project (J) - 30 Periods	1 Credit

11. Curriculum Structure:

Every program shall have a distinct curriculum with syllabi consisting of courses broadly categorized under Basic Sciences, Basic Engineering, Professional Core, Program Electives, Open Electives, and Certification Courses. Credit distribution for various categories of the courses will follow the guidelines given below, subject to minor variations, as may be suggested by the respective Boards of Studies.

Category	Credit Range
Humanities and Social Sciences	8-13
Basic Science Courses	17-20
Engineering Sciences	6-13
Program Core	40-51
Program Elective	3-12
Open Elective	13-20
Industrial Training / Project work	12-16
Audit Course (Health and Wellness – III Semester)	1
Integrated Learning Experiences	
Induction program	Non-Credits Course
I&E / Club Activity / Community Initiatives	Non-Credits Course
Shop Floor Immersion	Non-Credits Course
Health & Wellness	Non-Credits Course
Student-Led Initiative	Non-Credits Course
Special Interest Groups *(Placement Training)*	Non-Credits Course

Emerging Technology Seminars	Non-Credits Course

Each program will consist of Basic Science (BS), Engineering Sciences (ES), Professional Core (PC), Program Electives (PE), Open Electives (OE), Audit Courses and In-House Project/Internships/Fellowships.

1. **Basic Sciences:** This course is common to all programs to develop fundamental knowledge of science and mathematics; it also enhances the reasoning and analytical skills amongst students.

2. **Engineering Sciences:** Engineering Science shall create awareness of different specializations of engineering studies. The goal of these courses is to create engineers of tomorrow, who possess the knowledge of all disciplines and can apply their interdisciplinaryknowledge in every aspect. It could be any branch of engineering - Civil, Computer Science and Engineering, Electrical, Mechanical, etc.

3. **Professional Core:** This includes core courses designed in the program, which are major courses of the discipline, are required to attain desired outcomes and to ignite critical thinking skills amongst students.

4. **Program Elective:** This includes elective courses that can be chosen from a pool of courses which may be very specific or specialized or advanced or supportive to the program of study or nurtures the candidate's proficiency/skill. This is called a program elective course.

5. **Open Elective:** An elective course chosen generally from another discipline/ subject, to seek interdisciplinary exposure is called an open elective. While choosing the electives, students shall ensure that they do not opt for courses with syllabus contents which aresimilar to that of their departmental core/elective courses.

6. **Audit Courses:** An audit course is one in which the student attends classes, does the necessary assignments and takes exams. The Institute encourages students towards extra learning by auditing for the additional number of courses. The results of audit courses shall not be considered for the prescribed "carry over courses" limit.

7. **Humanities and Social Science:** Basic courses offered across language, communication and social science subjects, including any management skills and shall be categorized as Humanities and Social science.

8. **In-House Project/Internships/Fellowships:** Every student must do one major project in the Final year of their program. Students can do their major project in Industry or R&D Lab or in-house or a combination of any two or a fellowship in a reputed organization.

12. Outcome-Based Education:

All the programs offered adopt Outcome Based Education (OBE) in order to enhance the opportunities for the students with respect to their career track (through a student-centric approach). The Program Outcomes (POs) of the respective program of study are achieved through the Course Outcomes (COs). Necessary remedial actions are taken at regular intervals to ensure the proper attainment of outcomes by the students. The evaluation procedures outlined are to be followed by the departments before arriving at the data for the Outcome attainment analysis.

1. Assessments are designed to measure the POs, and POs give useful guidance at the program level for the curriculum design, delivery, and assessment of student learning. However, they represent fairly high-level generic goals that are not directly measurable. Real observability and measurability of the POs at the course level are very difficult. To connect high-level learning outcomes (POs) with course content, course outcomes and assessments are designed, they are necessary to bring further clarity and specificity to the program outcomes.

2. Course Outcomes (COs) are specific, measurable statements that help the learners to understand the capabilities to be attained by them at the end of the course. COs should highlight what the learnercan attain by studying the course and undergoing the evaluation of outcomes prepared for the same.It includes the knowledge to be gained, skills to be acquired and the application of the same towards solving problems specific to the context. The topics for the course should be decided based on the course outcomes in such a way that the specific topics alone do not map to the specific course outcomes.

3. Revised Bloom's Taxonomy for Assessment Design: It attempts to divide learning into three typesof domains (cognitive. affective, and behavioural) and then defines the level of performance for eachdomain. Conscious efforts to map the curriculum and assessment to these levels can help the programs to aim for higher-level abilities which go beyond remembering or understanding, and require application, and analysis, evaluation or creation.

4. CO-PO course articulation matrix should indicate the correlation between the CO and PO basedon the extent to which the CO contributes to the PO. This is mapped at three levels 1, 2 or 3 representing low, medium and high respectively. This also ensures that every PO is covered across the courses offered as a part of the program. The matrix will be adopted for all the courses run by thedepartment.

5. The attainment of COs of any course can be assessed from the performance of the students through continuous and final assessments. The goal of continuous assessment is to understand/realise the critical information about student comprehension throughout the learning process and provides an opportunity for the facilitator to improve their pedagogical approach and forstudents to improve learning outcomes. The goal of the final assessment is to evaluate student learning outcomes at the end of the course instruction. According to the new regulation, 40% weightage is for the continuous assessment, and 60% weightage is for the final assessment.

6. The PO assessment should be carried out by both direct and indirect assessment. The assessment can be estimated by giving 80% weightage to direct assessment and 20% weightage to indirect assessment. Direct assessment is purely based on CO attainment through the course Assessment Method, and indirect assessment is through the feedback taken from the relevant stakeholders of the system. Indirect assessment can be done in the form of a graduate exit survey where the student is required to answer a questionnaire that reflects their satisfaction with respect to the attainment of POs. The questionnaire should be carefully designed so as to not have the POs themselves as direct questions.

7. Each PO attainment corresponding to a specific course can be determined from the attainment values obtained for each course outcome related to that PO and the CO-PO mapping values. The threshold value of 60%, shall be set for the POs and the same can be modified with due approval of the Authorities.

8. The gap identified in the attainment of the COs and POs can be addressed by organising talks from the industry, bridge courses, organising workshops, arranging field visits (industrial visits) withrespect to the course, improving the student performance under the innovative teaching-learning process of the institution, etc.,

Academic and Curriculum Flexibility

Academic and curriculum flexibility enhance a student's learning experience by providing various options such as adjusting the timeframe of courses, horizontal mobility, interdisciplinary opportunities, and other benefits through curricular transactions. The types of Academic and curriculum flexibilities are listed below.

1. Break of Study
2. Course Add / Drop
3. Course Withdrawal
4. Credit Equivalence
5. Credit Transfer
6. Examination Withdrawal
7. Fast-Track Option
8. Flexi-Credit System
9. Bridge Course

1. Break of Study:

If a student intends to take a break / temporarily discontinue the program in the middle of a semester/year, during the period of study, for valid reasons (such as Internships, accident or hospitalization due to prolonged ill health) and wishes to re-join the program in the next academic year, student shall intimate stating the reasons.

Break of study is permitted only once during the entire period of the degree program for a maximum period of one year. The student is permitted to rejoin the program after the break and shall be governed by the rules and regulations in force, at the time of rejoining. The break shall be notified in the grade sheet. If a student is detained for want (shortage) of attendance or disciplinary issues, the period spent in that semester shall not be considered a permitted Break of Study.

2. Course Add / Drop:

Subject to resource availability, a student has the option to add additional courses within a weekafter the regular semester begins. Furthermore, a student can drop registered courses before completing the first Continuous Assessment (CA) test in a semester, limited to a maximum of 6 credits. These dropped courses will not be considered as arrears, but the student will need to retake them when they are offered by the institution. In order to carry out these actions, students must obtain permission from the Principal and Chairman Awards Committee.

3. Credit Equivalence:

It is an option that can be exercised by a student under the following circumstances –
(i) Credits earned through Extra and Co-curricular Activities (only against program elective / open elective – Global)
(ii) Credits earned through online courses (only against Open Electives - Technical andGlobal and program electives)
(iii) Credits accumulated through Capsule courses, One-Credit courses

Such courses and credits earned shall be presented in the Board comprising the head of the department, the Principal & DoTE along with the Equivalent Credit(s).

4. Credit Transfer:

Credits earned by a student through Credit Equivalence (as said above) and credits earned by attending and completing the courses successfully, offered by other approved Universities / Institutions / Professional Bodies (only against Technical and Global Open Electives and program electives) shall be considered as "Transferred Credits (specified in the Grade Sheet)" and considered for the calculation of CGPA.

5. Examination Withdrawal:

A student may be permitted to withdraw from appearing for the end semester examination in any course or courses for valid reasons (medically unfit / unexpected family situations / sports approved by the Physical Director / HOD/ Principal and Chairman Awards Committee).

This privilege can be availed **ONLY ONCE** during the entire program. Valid documents, for medically unfit / unexpected family situations, shall be submitted by the student within seven days before thecommencement of the examination in that course or courses and also recommended by the Head of the Department, approved by the Principal and Chairman Awards Committee.

Special cases under extraordinary conditions will be considered on the merit of the case if anystudent applies for withdrawal, notwithstanding the requirement of mandatory seven days" notice.

Those students who withdraw from any course or courses during the program are eligible for the award of first class and first class with distinction as per the requirement in this regard.

Withdrawal is permitted for the end semester examinations in the final semester, only if the period ofstudy, the student concerned, does not exceed 1 semester after the regular period of 3 years so that his eligibility for distinction is considered.

The final approval for withdrawal will depend on the merit of the case and will be decided by the Head of the Institution.

6. Fast-Track:

This option enables a student to complete the minimum credit requirements of a program, to enable
> (i) his / her own entrepreneurial venture (start-up),
> (ii) an internship in industry/research laboratories / fellowship.

This option is currently available for students to complete the two elective papers offered in Semester 6 in advance [Recommended to be completed in Semester 4 or 5] to avail the last semester for internship/fellowship/do his own start-up/enterprise/project outside the campus. However, such an option shall not be exercised to pursue higher education elsewhere. The duration of the study shall remain the same as per the prescribed syllabi for the fast-track option also.

7. Flexi-Credit System:

It offers a student to earn additional credits than that specified (minimum credits) to a program for which student has enrolled. Such additional credits earned shall be mentioned in the Grade Sheet, as

„Additional Credits Earned". Credits earned through Flexi-Credit System shall not be considered for the calculation of GPA or CGPA.

8. Bridge Course:

This is specifically designed for Lateral Entry (LE) students who join the Diploma Program in 2nd year (3rd Semester). This course will be a 40 period in which the faculty gives the gist of important topics that the LE students may have missed in the first year of the program specific to the department concerned.

Integrated Learning Experience

Integrated learning experiences encompass activities that foster the acquisition of disciplinary knowledge, personal and interpersonal skills, and technological proficiency. These experiences promote active engagement in meaningful real-life situations and establish connections between different curricula, co-curricular activities, and extracurricular pursuits across diverse disciplines. Integrated learning experiences are concatenated in the academic curriculum for each semester enabling the students to learn, adapt and transform through experiential learning pedagogy.This approach enriches the curriculum by incorporating dynamic and up-to-date co-curricular courses and activities that may not be directly aligned with the students' program of study. It prioritizes the holistic development of students, fostering their growth and well-roundedness.

1. Innovation & Entrepreneurship
2. Peer 2 Peer Learning
3. Growth Lab
4. Shop Floor Immersion
5. Health & Wellness
6. Induction Program
7. Special Interest Groups
8. Club Activity
9. Community Initiatives
10. Emerging Tech Seminars
11. Student Led Initiative
12. Industry-Specific Training

1. Innovation Track:

They are offered to the student, to bring awareness on start-up / entrepreneurial ventures through a series of courses/activities. Based on the inputs gained, students can select their electives, specialisation, capstone project and deferred placement option.

2. Peer 2 Peer Learning:

P2P learning involves interactions between students from senior classes, leading to valuable additions and deepening the understanding of certain concepts. This may happen as a part of a scheduled time-table or after instructional hours in a day, by Peers (from senior classes), leading to value addition, enriching the understanding of certain concepts and implementing practically (developing models, prototypes, proofs-of-concept) for learning satisfaction, participating in competitions / competitive examinations. These efforts are expected to improve teamwork, communication, understanding of societal needs, project management and life-long learning activities.

3. Growth Lab:

Growth labs play an integral role to stimulate and develop a student"s personality & skills in various fields of life. It also teaches about a growth mindset to tackle real-world problems and life challenges. It brings self-confidence and empowerment to transform the inter-personality of the student. The process brings the progression to achieve higher goals in life.

4. Shop Floor Immersion:

This introduces new ideas, inspires participants to further explore them on their own or may illustrate and promote actual process practice through seminars, workshops, Industrial Visits etc that resultsin learning hands-on skills as it gives the students an opportunity to try out new methods and sail in a safe environment.

5. Health & Wellness:

This aims to teach students about various aspects of health and fitness, including exercise, nutrition, yoga, mental health, and substance awareness.

6. Induction Program:

It shall be organised to all the students, admitted into first year, to offer the course on Universal Human Value, awareness sessions on campus facilities, academic regulation and curriculum, highlight the culture, values and responsibilities of an Engineer in the Society and the Nation as a whole, besidesInstitutional infrastructure and facilities and student support systems. Awareness of domain-specific requirements to be organised in the second year of induction.

7. Special Interest Groups:

The training is especially based on the placements on campus. Concepts required for aptitude tests, group discussions, resume building, personal interviews, industry-specific orientation and Business Case Competition are taught to the students.

8. Club Activity:

A small community that attracts people who share the same interests such as music, arts, or sports working on a common goal to develop a sense of unity and teamwork, learning how to work with others in reaching the same goals.

9. Community Initiatives:

Community Initiatives involve activities that aim to define values, cultivate empathy, foster social skills, and enhance students' understanding of their community. Through these initiatives, students have the opportunity to build meaningful relationships, gain insights into different perspectives, and engage with diverse cultures. This engagement enables the development of crucial interpersonal skills.

10. Emerging Tech Seminars:

A technical presentation made by the Students & the cross-functional Members of the Faculty

to showcase the technology adopted in the Industry. This collaborative teaching-learning session between the student & the faculty results in a better understanding of the use of technology in various applications.

11. Student-Led Initiative:

A student-led session will help students to acquire and share knowledge on emerging industrial technologies that will comprehend & introduce the emerging technology to the students. This includes student-led Tech talk series & other initiatives.

12. Industry Specific Training:

Gaining information about the industry"s way of working and understanding the process. This enables one to understand the various non-technical skills & competencies required for the transformation from a student to a professional.

Duration of the Program

- A student is ordinarily expected to complete the Diploma program in 6 semesters (for SSLC students) and four semesters (for Lateral Entry students) but in any case, not more than 12 Semestersfor SSLC (or equivalent) students and not more than 10 semesters for Lateral Entry students.

- Each semester shall normally consists of 15 weeks. The Head of the Institution shall ensure that every faculty imparts instruction as per the number of periods specified in the syllabus and that the faculty teaches the full content of the specified syllabus for the course being taught.

- The Head of the Institution may conduct additional classes for improvement, special coaching, conduct model tests etc., over and above the specified periods.

- The End Semester Examination will normally follow immediately after the last working day of the semester as per the academic schedule prescribed from time to time.

- The total period for completion of the program from the commencement of the first semester to which the student was admitted shall not exceed the maximum period specified irrespective of the period of break of study in order that student may be eligible for the award of the Diploma. The minimum and maximum period of study shall be;

Diploma Program	Min. Period	Max. Period
Full Time	3 Years	6 Years
Full Time [Lateral Entry]	2 Years	5 Years

Attendance Requirements

- A student who has fulfilled the following conditions shall be deemed to have satisfied the requirements for completion of a semester.

- Ideally every student is expected to attend all classes of all the courses and secure 100% attendance.

- However, in order to make provision for certain unavoidable reasons such as medical / participationin sports, the student is expected to attend at least 75% of the classes.

- Therefore, the student shall secure not less than 75% (after rounding off to the nearest integer) ofoverall attendance for each semester.

- However, a student who secures overall attendance between 65% and 74% in the current semester due to medical reasons (prolonged hospitalization / accident / specific illness) / participation insports events may be permitted to appear for the current semester examinations, subject to the condition that the student shall submit the medical certificate / sports participation certificate attestedby the Head of the Institution.

- Students who secure less than 65% overall attendance shall not be permitted to write the end semester examination and not permitted to move to the next semester. They are required to repeat the incomplete semester in the next academic year, as per the norms prescribed.

- Candidates who have earned more than 50% attendance but fall short of the basic requirement of 65% attendance (in all subjects of the current semester put together) shall be permitted to proceed to the next semester, only one time during the course of study by considering all the papers in that current semester as absent and to complete the program of study. For such candidates by default, the classification of class shall be Second class on successful passing of course.

Class Committee

Every class shall have a class committee consisting of faculty of the class concerned, two student representatives and a chairperson, who is not teaching the class. It is like the „Quality Circle" (more commonly used in industries) with the overall goal of improving the teaching learning process. The functionsof the class committee include:

- Solving problems experienced by students in the classroom and in the laboratories. Clarifying the regulations of the diploma program and the details of rules therein.

- Informing the student representatives, the academic schedule including the dates of assessments and the syllabus coverage for each assessment.

- Informing the student representatives, the details of regulations regarding weightage used for each assessment. In the case of practical courses (laboratory / drawing / project work / seminar etc.) the breakup of marks for each experiment / exercise / module of work, should be clearly discussed in theclass committee meeting and informed to the students.

- Analysing the performance of the students of the class after each test and finding the ways andmeans of solving problems, if any.

- Identifying the slow-learners, if any, and requesting the faculty concerned to provide some additional help or guidance or coaching to such students.

- The class committee for a class under a particular branch is normally constituted by the Head of the Department. However, if the students of different branches are mixed in a class (like the first semester which is generally common to all branches), the class committee is to be constituted by the Head of the Institution.

- The class committee shall be constituted within the first week of each semester. At least 4 student representatives (usually 2 boys and 2 girls) shall be included in the class committee, covering all the elective courses.

- The chairperson of the class committee may invite the class in-charge / mentor(s) and the Head of the Department to the class committee meeting.

- The Head of the Institution may participate in any class committee meeting of the institution.

- The chairperson is required to prepare the minutes of every meeting, submit the same to the Head of the Institution within two days of the meeting and arrange to circulate it among the students and faculty concerned. If there are some points in the minutes requiring action by the management, the same shall be brought to the notice of the Head of the Institution.

- The first meeting of the class committee shall be held within one week from the date of commencement of the semester, in order to inform the students about the nature and weightage of assessments within the framework of the regulations.

- Two or three subsequent meetings may be held in a semester at suitable intervals.

- During these meetings the student members representing the entire class, shall meaningfully interact and express the opinions and suggestions of the other students of the class in order to improve the effectiveness of the teaching-learning process.

Course Committee for Common Courses

Each common theory course offered to more than one discipline or group, shall have a "Course Committee" comprising all the faculty teaching the common course with one of them nominated as the course coordinator. The nomination of the course coordinator shall be made by the Head of the Department / Head of the Institution depending upon whether all the faculty teaching the common course belong to asingle department or to several departments. The

„Course Committee" shall meet in order to arrive at a common scheme of evaluation for the test and shall ensure a uniform evaluation of the tests. Wherever feasible, the Course Committee may also prepare a common question paper for the internal assessmenttest(s).

Assessment and Examination

Performance in each course of study shall be evaluated for a maximum of 100 marks based on one of thefollowing:

(i) *Continuous Assessment [40%]:*

- Continuous assessment shall be carried out for 40 marks [summation of multiple CAs] for all typesof courses.

- Every course shall have its own framework for continuous assessment designed by the Board ofStudies and approved by the academic board as part of the curriculum. The continuous assessment shall be awarded as per the assessment proposed in respective syllabi.

- For One credit courses and Advanced Skill Certification programs, no end semester examination shall be conducted, and final grade will be awarded based on continuous assessment only for 100marks.

(ii) *End Semester Examination [60%]:*

- The End Semester Examination will be conducted for 100 marks and shall be converted to 60marks in the final results.

- The End Semester Examinations (Theory, Practical, Project) of three hours duration will beconducted.

- For Practicum courses, the end semester examination will be conducted as a theory or a practical ora project examination based on the credits for each component, the decision on the mode of exam could be based on the recommendation by the Chairman, Board of Studies duly forwarded and approved by Principal and Chairman, Academic Board.

2. Continuous Internal Assessment and End Semester Examination [For all Courses]:
COURSE TYPE THEORY → END EXAM THEORY

Assessment Method	Assessment Marks		Converted Marks	Internal Marks	External Marks	Total Marks
Periodical Test – I (Unit – I & II) (2 Hours) (Written Test)	60 Marks	Best of PT–I and PT–II	10 Marks	**40 Marks**	**60 Marks**	**100 Marks**
Periodical Test – II (Unit – III & IV) (2 Hours) (Written Test)	60 Marks					
Model Theory Examinations (All Units) (3 Hours)	100 Marks		10 Marks			
Assignment – 3 Nos.	100 Marks		20 Marks			
END THEORY EXAMINATIONS (3 Hours)	100 Marks		60 Marks			
TOTAL						

Periodical Test Question Pattern

Part A – 6 Questions x 2 marks   =   12

MarksPart B – 6 Questions x 8marks =
                                    48 Marks
                                    ----
                                      60 Marks

In Each Unit Part – A (3 Questions) and Part – B (3 Questions)

3.   Model / End Theory Examination Question Pattern

Part A – 10 Questions (out of 15 Questions) x 2 Marks   =   20
Marks(Three Questions from each Unit)
Part B – 2 Questions (out of 4 Questions) / Unit x 8 Marks
                    10 Questions x 8 Marks   =   80 Marks
                                    ----
                                      100 Marks

MarksDemo   –   50

Marks

Viva Voce   –   20 Marks

- - - - - - - - -

100 Marks

- - - - - - - - -

A hand written report of 10 pages containing Abstract, Introduction, Block diagram with description, Implementation, Result and Conclusion along with bonafide certificate project members not more than six in each group.

12. Common Note:

1. For appearing in end practical examinations students must submit their record note and for project work, students must submit their project report.
2. Any fraction in converting the marks (Both Internal and External) must be awarded withthe next higher integer.

Project Work

- For the project works, the Department will constitute a three-member faculty committee to monitor the progress of the project and conduct reviews regularly.

- If the projects are done in-house, the students must obtain the bonafide certificate for project work from the project guide and Head of the Department, at the end of the semester. Students who havenot obtained the bonafide certificate are not permitted to appear for the project Viva Voce examination.

- For the projects carried out in Industry, the students must submit a separate certificate from Industry apart from the regular bonafide certificate mentioned above. For Industry related projects there must be one Mentor / Supervisor from Industry (External), this is in addition to the regular faculty supervision.

- The final examination for project work will be evaluated based on the final report submitted by the project group (of not exceeding six students), and the viva voce by an external examiner.

- The split up of marks for Internal and End Semester Viva Voce can follow the below mentioned rubrics,

Internal Mark Split (40 Marks)			End Semester (100 Marks)		
Review 1 (10 Marks)	**Review 2 (15 Marks)**	**Review 3 (15 marks)**	**Project Report (30 Marks)**	**Presentation / Demonstration (50 Marks)**	**Viva Voce (20 Marks)**

- Students who are unable to complete the project work at the end of the semester can apply for an extension to the Head of the Department, with the recommendation from the project guide for a period of a maximum of two months. For those students who extend the project work for two months, Viva Voce will be carried out and results will be declared separately. If the project report is not submitted even beyond the extended time, then students are not eligible to appear for ProjectViva Voce Examination.

- The performance of each student in the project group would be evaluated in a viva voce examinationconducted by a committee consisting of an external examiner and the Department project coordinator as an internal examiner.

If a student indulges in malpractice in any of the End Semester Examination / Internal

Examinations,student will be liable for punitive action as prescribed by the institute from time

---

Passing Requirement for Award of Diploma

A student who secures not less than 40% of total marks prescribed for the course [Internal

Assessment + End semester Examinations] with a minimum of 35% of the marks prescribed for the end semester examination, shall be declared to have passed the course and acquired the relevant number of credits. This is applicable for both theory and practical courses (including project work).

(i) No Minimum marks for continuous assessment (Internal). (ii) Minimum Marks to be secured in end semester exam is 35 out of 100, (iii) Those who secure minimum mark in end semester examinationneed to secure minimum of 19 out of 40 in continuous assessment to achieve overall pass percentage of 40% in that particular course.

If a student fails to secure a pass in a theory course / laboratory course / elective course (same elective course), the student shall register and appear only for the end semester examination in the subsequent semester. In such cases, the internal assessment marks obtained by the student in the first appearance shall be retained and considered valid for all subsequent attempts till the student secures a pass. However, from the third attempt onwards if a student fails to obtain pass marks (Internal Assessment + End Semester Examination), then the student shall be declared to have passed the examination if the student secures a minimum of 35% marks prescribed for the end semester examinations alone.

If any other Elective course is opted by the student, the previous registration is cancelled and henceforth it is to be considered as a new Elective course. The student has to register and attend the classes, earn the continuous assessment marks, fulfil the attendance requirements and appear for the end semester examination.

If a student is absent during the viva - voce examination, it would be considered a failure. If a student fails to secure a pass in Project Work, the student shall register for the course again in the subsequentsemester and can do Project Work.

The passing requirement for the courses which are assessed only through purely internal assessments, the passing requirement is 50% of the internal assessment (continuous assessment) marks only.

A student can apply for revaluation of the student"s semester examination answer paper in a theory course, as per the guidelines of the Principal and Chairman, Awards Committee on payment of a prescribed fee along with prescribed application to the Controller of Examination (COE) through the Head of the Institution.

The COE will arrange for the revaluation and the results will be intimated to the student concerned through Head of the Department. Revaluation is not permitted for practical courses and project work.

Award of Grades

The award of letter grades will be decided using relative grading principle. The performance of a student willbe reported using letter grades, each carrying certain points as detailed below:

Letter Grade		Grade Points	Marks
0	(Outstanding)	10	91-100
A+	(Excellent)	9	81-90
A	(Very Good)	8	71-80
B+	(Good)	7	61-70
B	(Average)	6	51-60
C	(Satisfactory)	5	40-50
RA	(Re-Appearance)	0	<40
SA	(Shortage of Attendance)	0	0
W	(Withdrawal)	0	0

A student is deemed to have passed and acquired the corresponding credits in a particular course if the student obtains any one of the following grades: "O", "A+", "A", "B+", "B", "C".

"SA" denotes shortage of attendance and hence prevents students from writing the end semester examinations. „SA" will appear only in the result book.

"RA" denotes that the student has failed to pass in that course. "W" denotes withdrawal from the exam for the particular course the grades RA & W will figure both in the Grade Sheet as well as in the ResultBook. In the both cases, the student has to appear for the end semester examinations as per the regulations.

If the grade RA is given to Theory Courses/ Laboratory Courses it is not required to satisfy the attendance requirements, but has to appear for the end semester examination and fulfill the norms to earn a pass in the respective courses.

If the grade RA is given to courses which are evaluated only through internal assessment, the studentshall register for the course again in the subsequent semester, fulfilling the norms as to earn a pass in the course. However, attendance requirements need not be satisfied.

For the Audit Course and Integrated Learning Experience, on its successful completion a completed" certificate will be issued by the Principal and Chairman, Awards Committee. Every student needs a minimum of 75% attendance in the Audit / integrated Learning experience compulsorily. However, for valid reasons, the Head of the Institution may permit a student to exempt/complete this requirement in thesubsequent years. Successful completion of these courses is compulsory for the award of diploma. These courses will be monitored by the Head of the Department.

The grades O, A+, A, B+, B, C obtained for the one/two credit course (not the part of curriculum) shall figure in the Grade Sheet under the title „Value Added Courses/Internship/Industrial training".

The courses for which the grades obtained are SA will not figure in the Grade Sheet.

1. *Grade Sheet:*

After results are declared, Grade Sheets will be issued to each student which will contain the following details: The Polytechnic College in which the student has studied, the list of courses registered during the semester and the grade scored. The Grade Point Average (GPA) for the semester and the Cumulative Grade Point Average (CGPA) of all courses enrolled from the first semester onwards. GPA for asemester is the ratio of the sum of the products of the number of credits acquired for courses and the corresponding points to the sum of the number of credits acquired for the courses in the semester. CGPA willbe calculated in a similar manner, considering all the courses registered from the first semester. RA grades will be excluded for calculating GPA and CGPA. where C_i is the number of Credits assigned to the course

$$CGPA = \frac{\sum_{i=1}^{n} C_i GP_i}{\sum_{i=1}^{n} C_i}$$

GP_i is the point corresponding to the grade obtained for each course
n is number of all courses successfully cleared during the particular semester
in the caseof GPA and during all the semesters in the case of CGPA.

Award of Diploma

A student shall be declared to be eligible for the award of the Diploma provided the student has,

❖ Successfully gained the required number of total credits as specified in the curriculum correspondingto the student"s program within the stipulated time.

❖ Successfully completed the course requirements, appeared for the end semester examinations and passed all the courses within the period as prescribed.

❖ Successfully passed any additional courses prescribed by the Principal & Chairman Awards Committee / Academic Board whenever the student is readmitted under R23 from the earlier regulations.

- ❖ Successfully completed the Integrated Learning Experience requirements.
- ❖ No disciplinary action pending against the student.
- ❖ The award of Diploma must have been approved by the Principal & Chairman Awards Committee.

Classification of Diploma Awarded

1.   FIRST CLASS WITH DISTINCTION:

A student who satisfies the following conditions shall be declared to have passed the examination in First class with Distinction:

- ❖ Should have passed the examination in all the courses of all the six semesters (**4 semesters in the case of Lateral Entry**) in the student‟s First Appearance. The duration of the program shall be extended up to one additional semester in case of any withdrawals from end semester examination. Withdrawal from examination will not be considered as an appearance.
- ❖ Should have secured a **CGPA of not less than 8.50.**
- ❖ One-year authorized break of study (if availed of) shall be permitted within the four years period (three years in the case of lateral entry) for award of First class with Distinction.
- ❖ The candidates should NOT have been prevented from writing the end semester examination due to lack of attendance in any semester.

2.   FIRST CLASS:

A student who satisfies the following conditions shall be declared to have passed the examination in First class:

- ❖ Should have passed the examination in all the courses in all six semesters (**4 semesters in the case of Lateral Entry**). The duration of the program shall be extended up to one additional semester in case of any withdrawals from end semester examination. Withdrawal from examination will not be considered as an appearance.
- ❖ One-year authorized break of study (if availed of) or prevention from writing the end semester examination due to lack of attendance (if applicable) shall be provided with the duration of four years (three years in the case of lateral entry) for award of First class.
- ❖ Should have secured a **CGPA of not less than 6.50.**

3.   SECOND CLASS:

All other students who qualify for the award of the diploma shall be declared to have passed the examination in Second Class.

Discipline

Every student is expected to maintain disciplined and respectable behaviour both within and outside the Polytechnic College premises, refraining from engaging in any activities that may tarnish the reputation of the Polytechnic College.

The Head of the Institution shall constitute a disciplinary committee consisting of the Head of the Institution, Two Heads of Department of which one should be from the faculty of the student, to enquire into acts of indiscipline and notify the authorities about the disciplinary action recommended for approval.

In case of any serious disciplinary action which leads to suspension or dismissal, then a committee shall be constituted.

If a student indulges in malpractice in any of the end semester examinations, student shall be liable for punitive action as prescribed by the Disciplinary Action Committee for Malpractice from time to time. For any malpractices in any continuous assessment, the same shall be reported to the Head of the Institution for disciplinary actions.

Revision of Regulation, Curriculum and Syllabus

Virudhunagar S.Vellaichamy Nadar Polytechnic College (Autonomous) may from time-to-time revise, amend or change the regulations, curriculum, syllabus and scheme of examinations through the Board of Studies with the approval of the Principal and Chairman Academic Board.

Academic Audit

All Test Papers and assignment note books after getting the signature from the students must be keptin the safe custody in the Department for verification and audit for two semesters.

NI - SCHEME Regulations

[MPEC SYSTEM]

(Implemented from 2019-2020)

1. Autonomy and Multi Point Entry and Credit System:

As per G.O Ms 1136 dated 20.11.92 our Institution has been granted Autonomous status from the academic year 1994–95.

The Students admitted for the I Term Engineering at this Institution in Multi Point Entry Credit System (MPEC) will study under Autonomous pattern.

2. Condition for Admission:

Condition for admission to the Diploma Courses shall be required to have passed in the
S.S.L.C. Examination of the Board of Secondary Education, Tamil Nadu.
(Or)
The Anglo Indian High School Examination with eligibility for Higher Secondary
Course in Tamil Nadu.
(Or) The Matriculation Examination of Tamil Nadu.
(Or)
Any other Examination recognized as equivalent to the above by the Board of
Secondary Education, Tamil Nadu.

Note: In addition, at the time of admission the candidate will have to satisfy certain minimum requirements, which may be prescribed from time to time.

3. Admission to Second year (Lateral Entry):

A pass in HSC (Academic) or (Vocational) Courses mentioned in the Higher Secondary Schools in Tamil Nadu affiliated to the Tamil Nadu Higher Secondary Board with eligibility for University Courses of study or equivalent examination and should have studied the following subjects.

Sl. No.	Courses	H.Sc. Academic Subjects Studied	H.Sc. Vocational Subjects Studied	
			Related Subjects	Vocational Subjects
1.	All the Regular Diploma Courses	Physics, Chemistry & Mathematics/Biology (Botony and Zoology)	Maths / Physics / Chemistry	Related Vocational Subjects Theory & Practical
2.	Diploma Course in Modern Office Practice	English & Accountancy English & Elements of Economics English & Elements of Commerce	English & Accountancy, English & Elements of Economics, English & Management Principles & Techniques, English & Typewriting	Accountancy & Auditing, Banking, Business Management, Co-operative Management International Trade, Marketing & Salesmanship, Insurance & Material Management, Office Secretary ship.

- For the diploma programmes related with Engineering/Technology, the related / alternate courses prescribed along with Practical may also be taken for arriving the eligibility.

- Programme will be allotted according to merit through counseling by the Principal as per communal reservation.

- *Candidates who have studied Commerce Subjects are not eligible for Engineering Diploma Courses.*

4. **Age Limit** : **No Age Limit**

5. **Medium of Instruction** : **English**

6. Courses of Study and Curriculum Outline:

The Courses of study shall be in accordance with the curriculum prescribed by the Autonomous Academic Board from time to time, both in Theory and Practical. The curriculum outline is given in Annexure–I.

7. Description of the Programme:

The Programme for the Full Time Diploma in Engineering & Technology / MOP shall extend over a period of three academic years, consisting of six terms. Each Term will have 15 weeks duration of study.

The Curriculum for all the Six Terms of Diploma Programme have been revised and revised curriculum is applicable for the candidates admitted from 2019–2020 academic year onwards.

8. Requirements of Examination and Attendance:

The Examination shall be conducted at the end of each term by the Autonomous body affiliated to the State Board of Technical Education and Training, Tamilnadu.

A Candidate will be permitted to appear for the Autonomous End Examinations only if he/she secures minimum 80% of attendance in the term concerned.

If the candidate does not appear for at least one of the regular courses in the End Examination, he/she has to attend the same term in the next academic year.

9. Eligibility for the Award of Diploma:

No candidate shall be eligible for the award of Diploma unless he/she has undergone the prescribed programme of study for a period of not less than **three academic years** in the Institution, when joined in First Year and **two academic years** if joined under Lateral Entry scheme in the second year and passed the prescribed examination. The minimum and maximum periods for completion of Diploma Programme are as given below.

Diploma Courses	Minimum Period	Maximum Period
Full Time	3 Years	6 Years
Full Time (Lateral Entry)	2 Years	5 Years

10. Autonomous End Examinations:

Autonomous End Examinations in all Programme of all the terms under the scheme of examinations will be conducted at the end of each term both in theory and practical. The internal assessment marks for all the courses will be awarded on the basis of continuous internal assessment earned during the term concerned. For each course, 25 Marks are allotted for internal assessment and 75 Marks are allotted for End Examination.

Internal Continuous Evaluation System and Place:

I) THEORY

The Continuous Internal assessment marks for a total of 25 Marks, which are to be distributed as follows:

Test	-	**10 Marks**
Assignment / Drawing Plate	-	**10 Marks**
Course Attendance	-	**5 Marks**

Total		**25 Marks**

(i) Test   **10 Marks**

Two Periodical Tests each of two hours duration for total of 50 Marks each and Model Examination for three hours duration for 75 Marks are to be conducted. The average of two periodical tests (PT) is to be taken for 5 Marks and Model Exam to be taken for another 5 marks. The periodical test mark and model exam marks are to be converted to five marks and awarded with the next higher integer if there is any fraction.

Total test marks (5 + 5) = 10 Marks

TEST	SYLLABUS	MAXIMUM MARKS	DURATION	WHEN TO CONDUCT
Periodical Test – I	I & II Unit	50	2 Hrs.	30 working days from Reopening
Periodical Test – II	III & IV Unit	50	2 Hrs.	30 working days from first periodical test
Model Exam	All Units	75	3 Hrs.	After last working day

(ii) Assignment   **10 Marks**

For each course, three Assignments are to be given each for 10 Marks and the total marks scored should be converted to 10 Marks and awarded with the next higher integer if there is any fraction.

(iii) Course Attendance   **5 Marks**

Award of marks for course attendance to each Theory / Practical Course / Project Work and Seminar will be as per the range given below.

Attendance mark reference table

Range of Attendance (%)	
80% - 83%	
84% - 87%	
88% - 91%	
92% - 95%	
96% - 100%	

(iv) Total

The Attendance (5 Marks), Assignment (10 Marks) & Test Marks (10 Marks) should be added and the Continuous Internal assessment marks for a total of 25 Marks is arrived.

II) **PRACTICAL / DRAWING**

The internal assessment mark calculation for Practical courses is given as follows:-

a) Observation and Exercise	:	10 Marks
b) Model Practical Examination	:	10 Marks
c) Attendance	:	5 Marks
Total	:	25 Marks

- After completion of each exercise, record should be submitted in the subsequent practical classes and marks awarded for observation should be carried over to record.
- The mark should be awarded for 10 in each exercise.
- The students have to submit the duly signed Bonafide record note book / file during the End Practical Examinations.
- All the experiments indicated in the syllabus should be completed and the same be given for final End Examinations.

Note: All the marks awarded for Assignments, Tests and Attendance should be entered in the course file / log book of the staff, who is handling the course. This is applicable to both Theory and Practical courses.

For Drawing

For drawing courses, 20 Marks should be awarded for each drawing plate. The total of all drawing plate marks should be converted to 10 marks and awarded with the next higher integer if there is any fraction.

1. **Project Work and Seminar:**

The students of all the Diploma Programmes have to do a Project Work and Seminar as part of the Curriculum and in partial fulfillment for the award of Diploma by the State Board of Technical Education and Training, Tamilnadu.

In order to encourage students to do worthwhile and innovative projects, every year prizes are awarded for the best three projects in department, institution wise, region wise and state wise. The selection of Project Work should be taken up in V Term of study.

The Project may be reviewed twice during 4ᵗʰ and 10ᵗʰ week of VI Term.

a) **Internal assessment marks for Project Work and Seminar:**

Project Review I & II (VI Term) (5+5)	:	10 Marks
Seminar I & II (5+5)/2	:	5 Marks
Project report	:	5 Marks
Attendance (Award of marks same as course pattern)	:	5 Marks
TOTAL	:	25 Marks

b) **Mark Allocation for Project Work and Seminar in End Examination:**

Viva Voce	:	25 Marks
Demonstration / Presentation	:	50 Marks
(The following Criteria components to be considered-		
Relevance of topic, Knowledge of methodology,		
Role of individual in the team, finding the Study etc.)		
TOTAL	:	75 Marks

A neatly prepared **PROJECT REPORT** as per the format has to be submitted by individual student during the Project work End Examination.

Selection of seminar topics should be based on Professional Ethics, Environmental Engineering and Management.

Student's Assessment of Faculty:

Feedback about Faculty is received from the students every Term. The various parameters on which teaching is assessed are: Communication Skills, Quality of Teaching/ Academic input, Course Input, Content and Method of Delivery, Resourcefulness, Readiness of teacher, Accessibility concerned and Availability of Teacher in Campus/ Department. Feedback is conveyed to the faculty through the Head of the Department.

18. Enrolment and Placement Details of students

The approval accorded is subject to fulfillment of the following conditions:

❖ The Institution shall fulfill all the conditions, if any, within three months from issue of this letter. Non fulfillment will lead to withdrawal of approval without the need of any more opportunity, as the institution is well aware of the deficiencies.

❖ The Institution must have affiliation from the affiliating body for the above courses before making admission. In the absence of such affiliation, this letter of approval shall be treated as withdrawn.

❖ All full time faculty members as per AICTE Norms must be recruited before making admissions.

❖ All the required Laboratories/Workshops/Machineries/Equipments must be under operational conditions before making admissions.

❖ No excess admission shall be made by the Institution during the academic year.

❖ Name of the Institution, Name of the Society/Trust, are not allowed to be changed without prior approval of AICTE. The name and title of the Institution should be such that "the Emblems and Names (Prevention of improper use) Act 12 (1950" of Government of India) is not violated in any manner.

❖ The use of word "Indian and /or National" and/or All India" and/or All India Council" and/or Commission" in any part of the name of a Technical Institution and/or any name whose abbreviated form leads to "IIM/IIT/IISC/IIIT/AICTE/UGC shall not be permitted. These restrictions will not be applicable for those institutions, which are established with the name approved by the Govt. of India.

❖ In exercise of power conferred under 10 (p) of the AICTE, Act, ᴬᴵᶜᵀᶜ may inspect the Institution any time it may deem fit to verify the progress/compliance or for any other purpose.

❖ Any other condition(s) as may be specified by AICTE from time to time.

   In the event of infringement/contravention or non-compliance of the above conditions and /or the provision of AICTE Act & Regulations/Guidelines/Norms & Standards as prescribed by AICTE, further actions leading to "Reduced intake" or "No Admission" or "Withdrawal of Approval", may be taken by AICTE and the liability arising out of such actions will be solely that of the Management of the Institution.

   The Council reserves the rights to visit the Institution any time it may deem fit to verify the compliance of norms and standards of AICTE.

   You are requested to kindly monitor the progress made by this Institution for fulfillment of the Norms & Standards of the Council.

with an annual intake and period of approval noted against each course as given below:

Course(s)	Existing intake	Revised Intake	Period of approval
1. Civil Engg.	60	60	2005-2008
2. Electrical & Electronics Engg.	60	60	2005-2008
3. Electronics & Commn. Engg.	60	60	2005-2008
4. Garment Tech.	40	40	2005-2008
5. Mechanical Engg.	60	60	2005-2008
6. Modern Office Practice	40	40	2005-2008
7. Plastic Tech.	30	30	2005-2008
9. Computer Engg. [SF]	60	40	2005-2006
9. Mechanical Engg. (Tool & Die) [SF]	00	30	2005-2006
Total	**410**	**420**	

The approval has been accorded subject to fulfillment of the Norms and Standards of
the Council and also the conditions as enlisted below if any, for the courses and intake
approved above.

Further, the approval accorded is subject to fulfillment of the following general
conditions:

❖ The Institution shall fulfill all the conditions, if any, within three months from issue of
this letter. Non-fulfillment will lead to withdrawal of approval without the need of any
more opportunity, as the institution is well aware of the deficiencies.

❖ The Institution must have affiliation from the affiliating body for the above courses
before making admission. In the absence of such affiliation, this letter of approval shall
be treated as withdrawn.

19th August 2010

To

The Secretary to Government,
Govt. of Tamilnadu,
Higher Education Department,
Secretariat Fort St. George,
Chennai – 600 009.

Sub: AICTE Approval for Extension/Increase in intake/Variation in intake in the existing course(s)/Introduction of Additional course(s) to *Virudhunagar S. Vellaichamy Nadar Polytechnic College, P.B.No.28, College Road, Virudhunagar,* for conduct of Diploma Course(s) in *Engineering & Technology* – regarding:

......

Sir,

I am to state that on consideration of the report of the Expert Committee and on the recommendations of the *State Level Committee,* the All India Council for Technical Education (AICTE) is pleased to accord approval to *Virudhunagar S. Vellaichamy Nadar Polytechnic College, P.B.No.28, College Road, Virudhunagar,* for extension of approval in the existing course(s)/introduction of additional course(s) for the *Diploma Level Course(s)* in *Engineering & Technology* with an annual intake and period of approval noted against each course as given below:

Course(s)	Existing intake	Revised Intake	Period of approval
Civil Engg.	60	60	2010-2012
Electrical & Electronics Engg.	60	60	2010-2012
Electronics & Commn. Engg.	60	60	2010-2012
Garment Tech. [Co-Edu]	40	40	2010-2012
Mechanical Engg.	60	60	2010-2012
Modern Office Practice	40	40	2010-2012
Plastic Tech.	30	30	2010-2012
Computer Engg. [SF]	60	60	2010-2012
Electrical & Electronics Engg. [SF]	60	60	2010-2012
Mechanical Engg. (Tool & Die)[SF]	60	60	2010-2011
Plastic Tech. [SF]	60	60	2010-2011
Total	**590**	**590**	

The approval has been accorded subject to fulfillment of the Norms and Standards of the Council and also the conditions as enlisted below if any, for the courses and intake approved above.

Further, the approval accorded is subject to fulfillment of the following general conditions:

❖ The Institution shall fulfill all the conditions, if any, within three months from issue of this letter. Non-fulfillment will lead to withdrawal of approval without the need of any more opportunity, as the institution is well aware of the deficiencies.
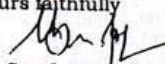

Contd.....2.

Principal
Virudhunagar S.Vellaichamy Nadar
Polytechnic College
Virudhunagar

❖ The Institution must have affiliation from the affiliating body for the above courses before making admission. In the absence of such affiliation, this letter of approval shall be treated as withdrawn.

❖ All full time faculty members as per AICTE Norms must be recruited before making admissions.

❖ All the required Laboratories/Workshops/Machineries/Equipments must be under operational conditions before making admissions.

❖ No excess admission shall be made by the Institution during the academic year.

❖ Name of the Institution, Name of the Society/Trust, are not allowed to be changed without prior approval of AICTE. The name and title of the Institution should be such that "the Emblems and Names (Prevention of improper use) Act 12 ("1950" of Government of India) is not violated in any manner.

❖ The use of word "Indian and /or National" and/or All India" and/or All India Council" and/or Commission" in any part of the name of a Technical Institution and/or any name whose abbreviated form leads to "IIM/IIT/IISC/IIIT/AICTE/UGC shall not be permitted. These restrictions will not be applicable for those institutions, which are established with the name approved by the Govt. of India.

❖ In exercise of power conferred under 10 (p) of the AICTE, Act, AICTE may inspect the Institution any time it may deem fit to verify the progress/compliance or for any other purpose.

❖ Any other condition(s) as may be specified by AICTE from time to time.

In the event of infringement/contravention or non-compliance of the above conditions and /or the provision of AICTE Act & Regulations/Guidelines/Norms & Standards as prescribed by AICTE, further actions leading to "Reduced intake" or "No Admission" or "Withdrawal of Approval", may be taken by AICTE and the liability arising out of such actions will be solely that of the Management of the Institution.

The Council reserves the right to visit the Institution any time it may deem fit to verify the compliance of norms and standards of AICTE.

Yours faithfully

(M. Sundaresan)
Regional Officer

Important Instructions

1. The State Government/ UT/ Directorate of Technical Education/ Directorate of Medical Education shall ensure that 10% of reservation for Economically Weaker Section (EWS) as per the reservation policy for admission, operational from the Academic year 2019-20 is implemented without affecting the reservation percentages of SC/ ST/ OBC (NCL)/ General. However, this would not be applicable in the case of Minority Institutions referred to the Clause (1) of Article 30 of Constitution of India. Such Institution shall be permitted to increase in annual permitted strength over a maximum period of two years.

2. The Institution offering courses earlier in the Regular Shift, First Shift, Second Shift/Part Time are now amalgamated as total intake and shall have to fulfil all facilities such as Infrastructure, Faculty and other requirements as per the norms specified in the Approval Process Handbook 2022-23 for the Total Approved Intake. Further, the Institutions Deemed to be Universities/ Institutions having Accreditation/ Autonomy status shall have to maintain the Faculty: Student ratio as specified in the Approval Process Handbook. All such Institutions/ Universities shall have to create the necessary Faculty, Infrastructure and other facilities WITHIN 2 YEARS to fulfil the norms based on the Affidavit submitted to AICTE beginning with the Academic Year 2022-23

3. Strict compliance of Anti-Ragging Regulation, Establishment of Committee for SC/ ST, Establishment of Internal Complaint Committee (ICC), Establishment of Online Grievance Redressal Mechanism, Barrier Free Built Environment for disabled and elderly persons, Fire and Safety Certificate should be maintained as Approval Process Handbook and provisions made in AICTE Regulation notified from time to time.

4. In case of any differences in content in this Computer generated Extension of Approval Letter, the content/information as approved by the Executive Council / General Council as available on the record of AICTE shall be final and binding.

Pharmacy Institute: In compliance with the order dated 05.03.2020 passed by the Hon'ble Supreme Court of India in Transferred Petitions (CIVIL) No 87-101 of 2014, for the existing institutions offering courses in Pharmacy Programme, approval of Pharmacy Council of India (PCI) is mandatory and AICTE approval is NOT required. The requirements for running the Programme (Diploma / UG / PG) such as Land & Build-up Area, Student-faculty ratio, Intake etc. will be as per the respective regulatory body (PCI).
In case of any inconsistency in the course name and intake for EoA issued by AICTE and the approval by PCI, the approval of PCI shall prevail.

Architecture Institute: In compliance with the order dated 08.11.2019 passed by the Hon'ble Supreme Court of Indian CA No.364/ 2005, for the existing Institutions offering Courses in Architecture Programme, approval by the Council of Architecture (CoA) is mandatory and AICTE approval is NOT required. The requirements for running the Programme (Diploma / UG / PG) such as Land & Build-up Area, Student-faculty ratio, Intake etc. will be as per respective regulatory body (CoA). In case of any inconsistency in the course name and intake for EoA issued by AICTE and the approval by CoA, the approval of CoA shall prevail.

Deemed to be University: Institutions Deemed to be Universities (Running Technical Education Programmes), it is mandatory to have AICTE approval from the Academic Year 2018-19 in compliance of the Hon'ble Supreme Court Order dated 03-11-2017 passed in CA No.17869- 17870 /2017.

22. Best Practices Adopted:

For the Benefit of Students:

1. National Level Technical Symposium / Paper Presentation Contest organized through on-line mode.
2. Training in Arduino & Project Competition organized through Institution Innovation Cell.
3. Special Courses such as 'Steel Building Needs, Estimation & Costing' for Boy Students, 'Women Empowerment Program' for Girl Students are organized.
4. New age Technology Courses such as '3D Printing' & 'Internet of Things' are organized for best performing students with the Support of Mahindra Pride Class Room.
5. The Emerging Technology courses are conducted for the benefit of the students by our staff members with assist of NAAN MUDHALVAN Training Program conducted by Government of Tamilnadu.

For the benefits of Staff Members:

1. Staff Development program organized for all teaching staff members on advanced topics such as 'Industrial Automation' & 'E Vehicle Technology' through Faculty Development Cell.
2. Poster Making Competition on the topic 'Cyber Security' from among the staff members are prizes for the most creative work.
3. Staff members are given training on 'Technology Based Teaching' and staff members have developed course videos which are uploaded in You Tube.
4. Staff members are update their knowledge regularly in emerging areas through NAAN MUDHALVAN Training Program conducted Online / Offline by Government of Tamilnadu
